

Little Box of Cards

SUPPLIES

QTY	PRODUCT	MEASUREMENT	DESCRIPTION
1	350gsm Cardstock	20cm x 25cm	This piece is for the base
1	350gsm Cardstock	17.3cm x 22.3cm	This is for the lid of our box
1	Patterned paper	16.8cm x 11.8cm	This is for the top of the lid. <i>NOTE: I used 6" x 6" paper from the same paper pad used in the cards, so I added a strip on one edge – you could add a contrasting strip at the top and the bottom or use a larger piece of patterned paper</i>
2	Patterned paper	16.8cm x 2cm	These are for the long sides of the lid – once again, if using 6" x 6" paper, you will need to add a small piece.
2	Patterned paper	11.8cm x 2cm	These are for the short sides of the lid.
	Ephemera / label		What ever you want to decorate your box.

FROM YOUR STASH

CONSUMABLES

- Glue
- Double-sided tape

TOOLS

- Paper trimmer
- Scoreboard OR ruler and stylus
- Bone folder

ADDITIONAL NOTES:

1. Score the larger piece of cardstock (this will be the bottom of the box) at 4cm from each edge.
2. Score the smaller piece of cardstock (this will be the lid of the box) at 2.5cm from each edge.
3. Fold and burnish each score with a bone folder.
4. On the long side of the bottom piece, cut along the short fold line from the edge to where the fold lines meet. This will create small flaps.
5. Repeat this for the lid piece.
6. Adhere the patterned papers to the top and sides of the lid – each piece will be positioned to allow a small border of the cardboard to be seen. There is no patterned paper on the flaps that we created in the previous step.
7. Fold the cardstock into a box shape by adding glue to the flaps and adhering on the inside – make a nice crisp corner. Repeat this for all corners of the top and the bottom of the box.
8. Add any decorations or greeting on the top and fill your box with A6 cards and envelopes.
