	Ephemera / label		What ever you want to decorate your box.

### FROM YOUR STASH

#### CONSUMABLES

- Glue
- Double-sided tape

#### TOOLS

- Paper trimmer
- Scoreboard OR ruler and stylus
- Bone folder

1. Score the larger piece of cardstock (this will be the bottom of the box) at 3.5cm from each edge.
2. Score the smaller piece of cardstock (this will be the lid of the box) at 2.5cm from each edge.
3. Fold and burnish each score with a bone folder.
4. On the long side of the bottom piece, cut along the short fold line from the edge to where the fold lines meet. This will create small flaps.
5. Repeat this for the lid piece.
6. Decorate the lid of the box – we do this before we assemble the box as it is easier to work with it flat.
7. Fold the cardstock into a box shape by adding glue to the flaps and adhering on the inside – make a nice crisp corner. Repeat this for all corners of the top and the bottom of the box.
8. Add any decorations or greeting on the top and fill your box with A6 cards and envelopes.
